

Title: Giants Fall

Everyone's telling you To let go of what you're holding to It's too late, too far  
You're too small, it's too hard Throwing water on that spark

Living deep inside your heart With oceans of reasons The things you're not seeing  
But oh, maybe they don't Know what you know That you're not alone

Don't you be afraid Of giants in your way With God  
You know that anything's possible So step into the fight

He's right there by your side The stones inside your hand might be small  
But watch the giants fall Watch the giants fall (watch the giants fall)

We could really live like this Can't you imagine it So bold, so brave  
With childlike faith Miracles could happen Mountains would start moving

So whatever you may face Don't you be afraid Of giants in your way  
With God you know that anything's possible So step into the fight

He's right there by your side The stones inside your hand might be small  
But watch the giants fall Watch the giants fall (watch the giants fall)

Ask and believe You're gonna see The hand of God in every little thing  
Don't you be afraid Of giants in your way With God

You know that anything's possible So step into the fight  
He's right there by your side The stones inside your hand might be small

But watch the giants fall Watch the giants fall (watch the giants fall)  
Miracles can happen Anything is possible Watch the giants fall.
